

THE LODGE
AT CASTLEFORD

A specialist Rehabilitation Centre

YOU AND YOU ALONE MATTER

At Milkwood Care, we strive to provide unrivalled high standards of care in each of our homes and our specialist Rehabilitation Centre. We strongly believe in the total well-being of our clients and provide a personal and individual care pathway, embracing their social, psychological and recreational needs. We aim to make life at The Lodge at Castleford a positive life-enhancing experience in a relaxing, yet uplifting sanctuary for everyone in our care.

A HOME FROM HOME

The Lodge at Castleford is a specialist Rehabilitation Centre and offers the highest standards of slow stream rehabilitation in a relaxed and intimate environment, in an idyllic location near Chepstow.

During their stay with us, guests enjoy 5 star dining, luxury accommodation and a bespoke care package to perfectly match their needs.

A CLOSE-KNIT INTIMATE ENVIRONMENT

We've created a homely environment with an emphasis on social interaction and activities to stimulate the mind and body. The Lodge has a large kitchen, lounge and quiet room. Each of the bedrooms are specifically designed for clients to live a comfortable life in their own space.

The layout of the building promotes the opportunity for increasing independence and all rooms open out to the wheelchair friendly private garden and patio.

We are animal lovers and welcome pets by pre-arrangement.

ATTENTIVE, PROFESSIONAL CARE

Our highly professional, enthusiastic rehabilitation support workers are our most valued assets. All are qualified to QFCIII and have received accredited specialist training. Our slow stream rehabilitation service allows people the time they require to achieve their goals and increase their independence. Most of the clients who come to us will have already had an acute period of rehabilitation. We will focus on maintaining and progressing quality of life, re-learning previously acquired skills, learning new skills, given a client's personal cognitive, motivational and behavioural situation.

After a two week adjustment period, where clients are closely monitored, our team prepare a care package, which is reviewed regularly. Clients and their families are fully consulted and encouraged to contribute their input to care arrangements.

VARIETY IS THE SPICE OF LIFE

Our rich schedule of regular and ad hoc activities gives our residents the opportunity to participate in their favourite pastimes, learn new skills, venture outdoors and keep their minds & bodies fit and alert. We have a creative and enthusiastic support team who devise a broad range of activities including shopping and days out, and sessions relating to a client's specific interests and hobbies.

We have a minibus, and all activities are aimed at bridging the gap between acute rehabilitation and integration into the community.
